

MANAGING AN AGGRESSIVE PARENT POLICY

Our Service aims to establish and maintain positive and open relationships with all parents of enrolled children. However, we understand that on occasion there may be times when a parent arrives at our Service displaying aggressive, difficult or challenging behaviour. Our Service is committed to maintain a safe workplace for all staff and visitors and ensure staff have the skills to safely prevent and de-escalate aggressive behaviours. Workplace violence can be any incident where a person is abused, threatened or assaulted whilst engaged in work.

PURPOSE

Our Service aims to ensure that all staff members have skills and understanding of strategies to manage situations involving angry or aggressive parents.

SCOPE

This policy applies to management and staff of the Service.

IMPLEMENTATION

Parents have the right to make a complaint or report a concern to our Service at any time. Complaints may be real or perceived, and of a serious nature or more trivial nature (but important to them) such as not being able to quickly find their child's shoes at the end of the day. However, on occasion a parent's feelings may escalate into anger or aggression, not necessarily due to the concern at hand, but due to other events or situations they have had to already deal with that day, or due to the effect of drugs or alcohol or mental health.

WHAT IS 'AGGRESSIVE BEHAVIOUR' OR 'WORKPLACE VIOLENCE'?

Within this policy, aggressive behaviour or workplace violence could include, but is not limited to:

- verbal abuse and threats
- intimidation and insults
- angry and hostile behaviour
- shouting and swearing
- stamping feet

These behaviours could be caused due to:

- frustration
- intoxication
- substance misuse or abuse
- psychological imbalances or disturbances

MANAGEMENT WILL ENSURE THAT:

- Violence and aggression toward educators and/or staff is treated like any other hazard
- A risk assessment is conducted to identify possible hazards and identify control measures
- A procedure/plan is developed to de-escalate any aggression or violence and ensure the safety and wellbeing of staff
- All staff are familiar with this policy and are provided with opportunities to review and modify this policy
- Staff are provided with training to learn skills to safely prevent and de-escalate aggressive behaviours

- Staff involved in a situation involving an angry or aggressive parent will be provided time for a debrief session following the event with a supervisor and/or offered professional support

NOMINATED SUPERVISOR/EDUCATORS/STAFF:

Should a situation arise where a staff member is confronted by an aggressive or violent parent, they will:

- remain calm
- implement strategies to de-escalate the aggressive behaviours
- establish whether or not this is a situation you should deal with on your own, or
- advise the parent that you will get the Nominated Supervisor/appropriate person to come and speak to them
- offer and encourage the parent to move into a private space away from children and other families (This may even be outside if the children are inside). If they ignore or refuse the invitation, begin moving slowly towards a private area
- if moving into a room with the parent, always ensure you have access to the exit door
- if you are continuing to deal with the situation but feeling uncomfortable, request another staff member to accompany you
- if you are feeling threatened or in danger at any time, request another staff member to ring the police
- calmly tell the parent that you are prepared to listen, but the interview cannot continue if he/she continues to use a raised voice or inappropriate language
- if the same behaviour continues, leave the room and state that you will give the parent five minutes to calm down and then return.

When you feel the parent has calmed down enough to discuss the issue:

- remain calm
- be aware of what you say and how you say it (tone of voice).
- do not be provoked into getting into an argument
- listen effectively and allow the parent to talk without interrupting
- when the parent has got the main facts 'off their chest', restate what you believe the problem to be politely and respectfully
- ask relevant questions to clarify any issues

- as soon as the issue has been clarified begin to work on a solution: Note, do not give excuses as to why something may or may not have happened as it may anger the parent again. Instead, focus on moving forward with strategies the parent will accept to solve the problem.
- when discussing solutions clearly explain any limitations of the Service (regulations, policies and procedures).

Dealing with difficult, challenging and aggressive behaviours can have a huge impact on staff's wellbeing.

Following the incident Management will ensure staff involved will:

- be provided with a 'debriefing' time. This may be talking to a manager or colleague, or simply moving off the floor for a short time
- document the incident and provide management with a copy
- follows up on anything agreed to with the parent or monitors that another staff member/ management follows up in a timely manner
- that are impacted by modifications to care or procedures are notified and have a thorough understanding of the situation
- respects the confidentiality and/or privacy rights of the parent or family
- evaluate the risk assessment for the Service regarding aggression and/or violence.
